

# QUARTERLY COMMUNITY IMPACT REPORT

July 01–September 30, 2025

**722**

total adoptions

**629**

families used  
our Pet Pantry  
to support over

**5,898**

pets in our  
community

LOVE RUSH EVENT

**86.2%**

lifesaving rate

Our lifesaving rate reflects the percentage of pets we take in and successfully save. It is lower this quarter than last quarter as our Intake team served nearly 3x more families who needed our low-cost, humane euthanasia services for their beloved pets (86 vs. 29). We believe every pet and their family deserves the dignity of a gentle goodbye, and we are proud to provide that needed service to our community.

JERRY

**382**

dogs taken in

**371**

cats taken in

**18**

others taken in

**394**

pets  
fostered

**21**

lost pets  
returned to  
their owners

**26**

pets  
transferred to  
rescue groups

**784**

cats supported through the  
Trap, Neuter, Return program

HSSA & Friends of PACC  
received a grant of

**\$1.92M**

from Maddie's Fund

**173**

dogs & families  
served through  
training  
programs

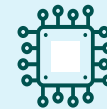

ALLIE

**1,808**

total spay/neuter  
surgeries

**273**

public pets  
microchipped

**130**

public pets  
vaccinated

**68**

hours volunteered  
to Pet VIP Therapy  
Program

33 visits to 11 facilities  
& events which served

**1,450**

people

# QUARTERLY COMMUNITY IMPACT REPORT

July 01–September 30, 2025

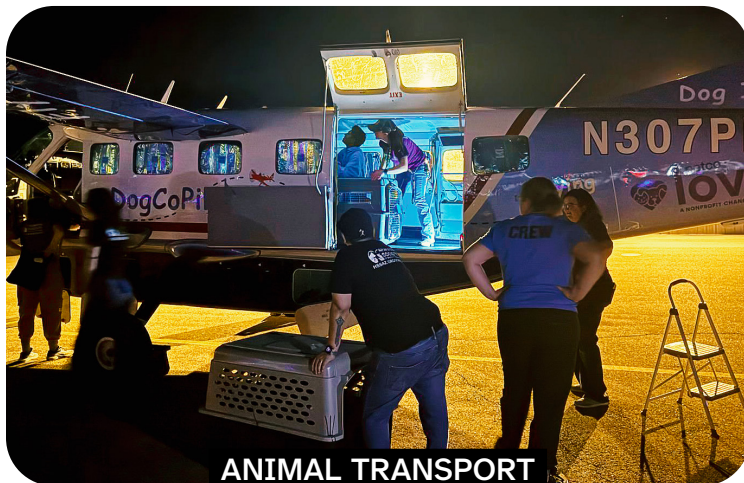

**Dear Friends,**

I'm thrilled to share your latest Quarterly Community Impact Report! Because of your generosity, lives were changed across southern Arizona this quarter — and I'm honored to share just a few of the incredible stories you made possible.

From July 1 through September 30, 2025, your kindness made moments like these happen:

**Jerry, a senior dog, found a new home** after being discovered alone in a parking lot in the 110°F heat! Covered in tumors and needing heart medication, we took Jerry in, gave him lifesaving medical care, and found him a loving family.

**HSSA proudly served as the lifesaving hub for a multi-state animal transport mission**, helping nearly 50 homeless dogs and cats from overcrowded shelters in Arizona, Idaho, and Utah find refuge with partner organizations in Colorado and Nebraska — giving them a second chance to find loving families. We also sent 42 pets home on a single day during our Love Rush adoption event, breaking all our recent daily adoption records!

**ANIMAL TRANSPORT**

A new, safe space for cats battling ringworm was established. HSSA's **new Fungal Jungle provides cats like Allie the kitten with sunshine and**

**enrichment** during their isolation period. It also allows adopters to see them so they can go home and finish recovery in comfort.

These stories are just a glimpse of the impact you've made. The metrics on the other side of this page show the larger scope of the lives and families touched this quarter.

And in exciting news for the future, Maddie's Fund announced a three-year, \$1.92 million grant supporting a powerful new collaboration between HSSA, Pima Animal Care Center, and Friends of PACC. Together, we'll expand access to affordable veterinary care and behavioral support to help animals stay in homes where they are loved. I hope you'll join us as we continue to strengthen the safety net for pets and their families across southern Arizona.

Your continued compassion makes this possible. Every adoption, reunion, and second chance is a step to a happy future for pets and the people who love them.

With gratitude,

**Dr. Kristin Barney**

CEO, Humane Society of Southern Arizona
