

QUARTERLY COMMUNITY IMPACT REPORT

October 01 to December 31, 2025

The original version of this report incorrectly stated that HSSA took in 319 dogs, 266 cats, and 16 other pets, including 260 pets from PACC during the quarter. The correct numbers are 515 dogs, 253 cats, and 34 others, including a total of 105 from PACC.

Additionally, the save rate was initially reported as 92%. The correct save rate is 94%. These changes have been reflected in this new version of the report. We appreciate your understanding as we work to ensure the data we share is accurate and reliable.

Thank you for your continued support.

QUARTERLY COMMUNITY IMPACT REPORT

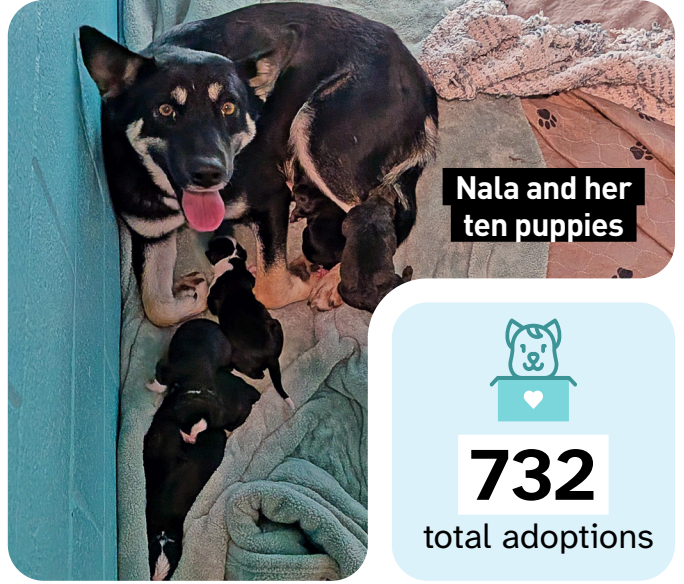

October 01 to December 31, 2025

Dear Friend,

I hope your 2026 is off to a great start. Your 2025 support made an immediate impact and laid the foundation for the lifesaving work of 2026. From October 1 through December 31, 2025, your compassion changed lives across southern Arizona.

• **During our Home for the Pawlidays adoption event, 83 pets found loving homes in one weekend** — an extraordinary 70% increase in lives saved compared to last year's event. This remarkable response reflects our strategic focus on reaching our community and removing barriers to finding pets their people.

• **HSSA supported our municipal partner shelter, Pima Animal Care Center (PACC), by welcoming 105 dogs and cats from their facility, including several mama dogs and their litters, like Nala and her 10 pups.** These cases require intensive resources to give these vulnerable puppies and moms the best possible start.

• **Our community fueled lifesaving care by rallying in a powerful way on Giving Tuesday,** providing critical donations that will make our in-shelter Lifesaving Medical Unit a reality. This investment will allow us to help more sick and injured pets, like Sophie, a sweet senior cat, who

got much-needed relief from chronic congestion thanks to medication and regular nebulizer treatments.

This is just a glimpse of the impact you've made. The numbers on the other side of this page show the scope of the lives touched by your kindness this quarter.

Looking forward, our belief that Love Stays Home is guiding our work to help keep pets with the people who love them and out of shelters. Through behavior training, Pet Pantry, and the Pet Support Center — an innovative local collaboration between HSSA, PACC, and Friends of PACC which soft-launched in November — we aim to prevent pets from being relinquished due to a lack of resources.

Thank you for being a champion of these vulnerable pets. Every adoption, reunion, and second chance is a step to a happy future for pets and the people who love them.

With gratitude,

A handwritten signature in blue ink, appearing to read 'Kristin Barney'.
